BDO's Financial Advisory Services teams in Austria and Brazil provided together financial and tax due diligence services during the merger of RHI AG and Magnesita Refratários S.A. in 2016.

Austrian based RHI AG is a global supplier of high-grade refractory products with revenues of EUR 1.8bn in 2015.

Brazilian based Magnesita Refratários S.A is a global provider of integrated refractory solutions, services and industrial minerals with revenues of EUR 914m and an adjusted EBITDA of EUR 131m in 2015.

The resulting combination will be a leading refractory company named RHI Magnesita, which will be based in the Netherlands and listed on the London Stock Exchange.

Management and funds advised by Gilde Buy Out Partners acquired T-Groep, an HR solutions provider focused on temporary staffing activities, from the Flemish government.

Gilde was the closest match with the conditions set by the Flemish government to retain the decision-making center in Flanders, safeguarding T-Groep's identity, values and employment. BDO Corporate Finance assisted the sellers through a vendor due diligence.

Going through a sales auction process to be completed within a 6-month period would have been impossible without a vendor due diligence report, as prepared by BDO. It presented T-Groep's financial and business affairs very professionally to all interested parties at once – thereby not only accelerating the process, but also triggering more qualitative Q&A sessions from the beginning. Finally, the way in which the bidders analyse such a report also provides an indication of how keen they are to understand our business and, ultimately, to team up with us.

naulwilliams@hdo.com.hk

BDO's Transaction Services team in Hong Kong assisted the Singapore subsidiary of Lombard International US Holdings, Inc ("Lombard") in its acquisition of licensed Hong Kong insurance broker Conway Insurance Brokers Limited.

Lombard International is a leading global life insurance-based wealth solutions provider, with global assets under administration in excess of USD 75bn. The acquisition is planned to allow Lombard to establish an international presence in Hong Kong, in close proximity to its banking partners, serving local market needs and to act as a gateway for future expansion opportunities in Asia.

The BDO team supported us well on an acquisition in Hong Kong, producing a thorough and well thought out report, which gave good insight into the target, and included some good practical recommendations for closing. This was the first time that we have worked with BDO, which was a good experience for us, and a team that we would like to work with again.

Connode, headquartered in Stockholm Sweden, is a leading supplier of wireless communication products for the internet of things (IoT). Since 2006 utilities and telecom operators have deployed Connode-enabled devices in large-scale projects in Europe, Middle East and Asia. The IoT enables physical devices, vehicles and buildings to connect to the internet, collect and exchange data.

Cyan Technologies provides a communication platform for energy, lighting and emerging applications in the wider IoT network. Its integrated platform and partner collaborations deliver end-to-end solutions that connect millions of devices and support bidirectional communication with the end customer. Cyan's vision to create improved value through Smart City solutions has provided its customers with the foundation upon which to build incremental services as these markets evolve. The acquisition adds to Cyan's markets reach, expanding it from India, Iran, Africa and China, and onto western markets.

BDO's Transaction Services team in Sweden provided vendor assistance services to Blueair AB in connection with the sale to Unilever PLC.

Blueair AB is a leading player in the premium category of mobile indoor air purifiers, serving over 60 countries around the world, such as China, US, Japan, South Korea and India. In 2015 Blueair generated a turnover of USD 106m and has grown rapidly. Blueair's air purifiers remove up to 99.97% of all contaminants from the air, including hazardous sooty particles, allergens and viruses. The acquisition adds Blueair to Unilever's Home Care portfolio and complements its existing water purification businesses.

Unilever is the world's third-largest multinational consumer goods company with products such as food, beverages, cleaning agents and personal care products, featuring 400+ brands. Over half of the company's footprint is in developing and emerging markets.

BDO was engaged to produce the financial analysis on a consolidated level and highlight the key drivers of the business. As the company did not have a consolidation system in place, BDO needed to develop a methodology that made it possible to drive the deal process forward and help the investors to understand the business.

BDO's Transaction Services team in Switzerland provided financial and tax due diligence services to Investnet AG in connection with the acquisition of bb trading werbeartikel AG.

bb trading werbeartikel AG is a leading company in promotional and advertising articles. Investnet AG is a Swiss domiciled private equity firm focusing on direct investments in small to medium sized enterprises in Switzerland, Germany and Austria.

BDO's Transaction Services, Tax and Debt Advisory teams in the UK and Sweden have advised Etib Holdings II AB, a company set up by Ventiga Capital Partners, to acquire and take private Nordic Service Partners AB, a NASDAQ Stockholm listed business that operates a portfolio of quick service restaurants across the Nordic regions.

Consideration was part funded through bank finance provided by Ares Capital Europe.

We were very pleased with BDO's collaborative approach to this transaction drawing upon their international reach and expertise across financial due diligence, tax structuring and debt advisory disciplines. The BDO team provided considered advice throughout the engagement and adopted a proactive approach to the benefit of the overall transaction process. We look forward to working with BDO again in the future.

BDO's USA Transaction Services team provided financial and tax due diligence services to Joy Cone Company in connection with its acquisition of US based BoDeans Baking Group and Mexican company Altesa.

Based in Hermitage, Pennsylvania, Joy Cone Company has been baking high quality ice cream cones since 1918. Now the largest cone company in the world, baking over 1.5bn cones annually, Joy Cone Company produces a wide range of ice cream cones for the retail and food service markets. Offering cake cones, sugar cones, waffle cones and bowls, the cones are sold to both grocery stores and food service chains and distributors throughout the United States and Canada.

BoDeans Baking Group, based in Le Mars, Iowa, is a leading manufacturer of novelty ice cream cones, wafers and inclusions. Altesa is the largest ice cream cone producer in Mexico.

BDO Mexico also provided financial due diligence services to Joy Cone in connection with the acquisition of Altesa.

Joy Cone was highly appreciative of the due diligence and advisory services that BDO provided to us. BDO was outstanding in analysing the quality of the financials, which served as the baseline figures in our financial models. As part of their work, they were able to effectively coordinate with BDO personnel in other international offices and across other service lines in a timely manner, allowing us to leverage their resources through a single point of contact.
